ClubRunner

# ClubRunner Extended Maintenance Window - December 16 2021

2021-12-14 - Zach W. - Maintenance Notices

On Thursday December 16th we are extending our maintenance window by 1 additional hour, maintenance will start at 9:00 am NAEST and last until 12:00 pm NAEST.

This update helps improve how we route and load balance users while using crsadmin.com, and should help address SSL issues for some users.

We do not anticipate any major downtime, and we will be monitoring the update closely to ensure there are minimal interruptions.
