[NOVA] How to add and manage Event Types

Ryan A. - 2025-08-26 - Events

Events created within ClubRunner can be assigned a specific "Event Type". These are used to help organize and visually differentiate events on the calendar, and can also be used to filter events by.

Managing Event Types

- 1. Log in to your account through your club homepage, then click on **Member Area** on the top right under your club banner. <u>Alternatively, click here to go directly to the ClubRunner login page.</u>
- 2. Once logged in, click on **Events** in the left-hand side menu and select **Events Home**.

3. From the Events Home page, scroll down and you will find two different links to access the Event Type settings – either will work as they link to the same page.

Adding Event Types

1. From the Event Types page, you'll see a list of the current event types, click the **Add** button to add a new one.

Event Types

Event types help you organize your calendar by categorizing events and assigning colors for easy identification. Click on Add to create your own custom type or edit to update existing options.
