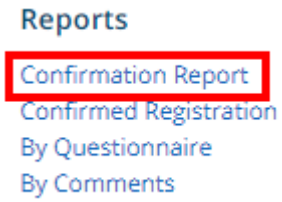
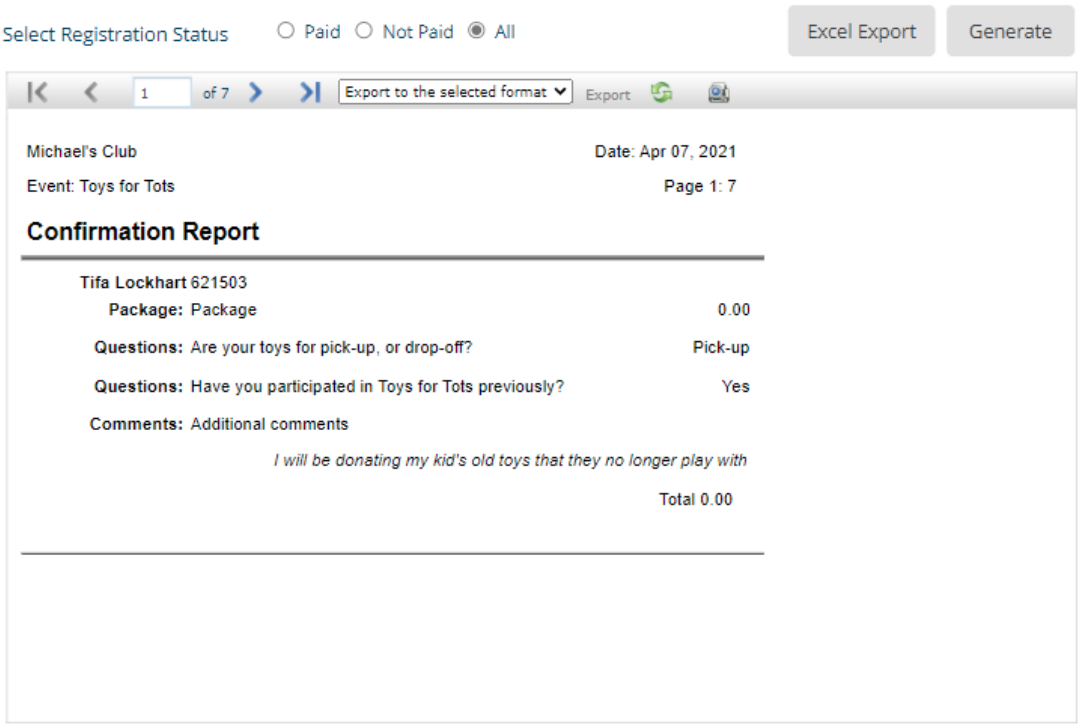
Reports - Confirmation Report





Confirmation Report: The confirmation report is a report based on the registration and packages that have been ordered. Within this section the event organizer can pull up a complete list of attendees. The report can be filtered by the status of the attendees; when the **Paid** radio option is selected and the **Generate** button is clicked the report will only show attendees that have paid. When the **Unpaid** radio option is selected and the **Generate** button is clicked the report will display a list that will show attendee orders that still require payment.

Export: This report can be exported out to PDF, CSV, Excel 97-2003, Rich Text Format, TIFF, & Web Archive.
