

Event Planner overview and introduction

Omar S. - 2021-03-22 - Events & Calendar

Event Planner module is a tool you can use to simplify the creation and management of your club events. With it, you can create new events complete with online registration and payment. You can also generate reports about event attendance and registrations.

1. To access **Event Planner**, you must go to your club homepage and login. Then, click on **Member Area** on the top right.
2. Along the top of the screen you will see several tabs. Click on the **Events** tab.
3. On the blue menu bar, click on **Event Planner**.
4. You are now on the **Events** page. Here, you can see a listing of upcoming events created by event chairs, each listed in chronological order. From this page, an event chair has the ability to create a new event, open and edit a past event, or copy the details of a past event. Past events are not listed in this default view.

Note: Only **Site Administrators** can click on the **Delete** button. If the **Delete** button is grayed out, this means you do not have Site Administrator (Access Level 30) privileges.

Events

[Create A New Event](#)

All Upcoming Events [View All Events](#)

Event Date ▲	Event Name	Active	Location	Event Chair	Actions
Dec 21, 2020	Holiday Party 2020	✔	Eugene V. Debs Memorial Hall	Edward Chu	Open Delete Copy
Jun 30, 2021	Rotary Tree Planting	✔	2060 Winston Park Dr	Clare Davis	Open Delete Copy

5. The **Create a New Event** button allows you to generate a new event.

Who Can Create and Manage Events? A member must have minimum access rights of **Editor** (level **60**). This will allow you to:

- Add and edit from the events list
- Assign Event Chairs to events
- Determine whether the event should be displayed on the homepage, bulletin, district calendar, etc.

Who Can Delete Events?

A member must have minimum access rights of **Site Administrator** (level **30**).

Note: Once you are an Event Chair for an event, regardless of your access rights level, you will have full access to that event, but you will not be able to delete the event unless you are also a site administrator.
