How can I control which Smart Lists show in modules? Ryan A. - 2025-05-13 - Smart List

Smart Lists can be set up to only be accessible in specific modules of the ClubRunner system.

- To begin, log in to your account through your club homepage, then click on Member Area on the top right under your club banner. <u>Alternatively, click here to go</u> <u>directly to the ClubRunner login page.</u>
- 2. Once logged in, click on **Settings** in the left-hand side menu.

3. On the settings "Membership and Data" page, look for the "Workflow & Automation" section and click the **Smart Lists** link.

4. You will now see all the Smart Lists that exist in the account. You can click the **plus**(+) icon to expand each Smart List to show the current access level settings.

To edit the access level settings, click the **down arrow** button and select **Edit** next to the Smart List you'd like to edit.
