How do I add a contact to a contact group?

Michael C. - 2021-02-25 - Contacts

With the **Contacts** module, you are able to group your contacts according groups. This permits you to organize your contacts into related lists, such as Prospective Members, Sponsors, or Community Partners. Follow the steps below to add a contact to a contact group using the **All Contacts** page.

There are two different ways how to add contacts to groups.

First way: Adding contacts one by one:

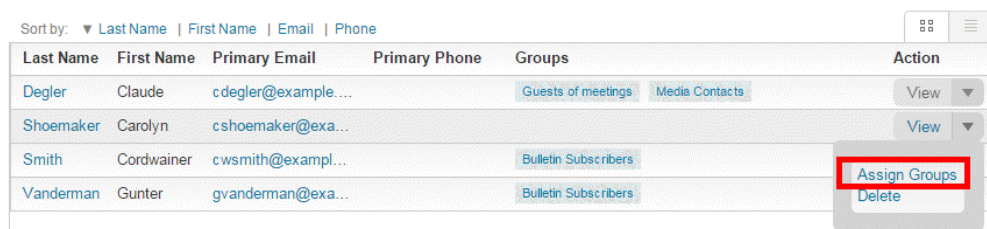

1. Log in to your ClubRunner website and access the member area. From the member area, click on the **Contacts** tab.

2. Now, click on the **Manage Contacts** button.

3. This brings you to the **All Contacts** page where you will see a list of all your existing contacts. Select the contact you wish to assign to a group. To the right of their name, you will see drop down menu labelled **View**. Click on this, and then select **Assign Groups**.

A screenshot of the 'All Contacts' page. It shows a table with columns for Last Name, First Name, Primary Email, Primary Phone, Groups, and Action. The 'View' dropdown menu for the contact 'Vanderman, Gunter' is open, and the 'Assign Groups' option is highlighted with a red box. The 'Delete' option is also visible below it.

4. A pop-up window appears. Click on the checkbox next to every group to which you want to assign the contact. When you're finished, click **Save**.

- The contact's group assignments are now displayed under the **Groups** column in the **Contacts** list.
