## How do I create a Custom Distribution List?

Michael C. - 2021-03-02 - Communication

ClubRunner's **Custom Distribution List** feature lets you email certain groups of people within your club's member list. For example, you could create a custom distribution list that would send an email to everyone on a given committee, or only to new members.

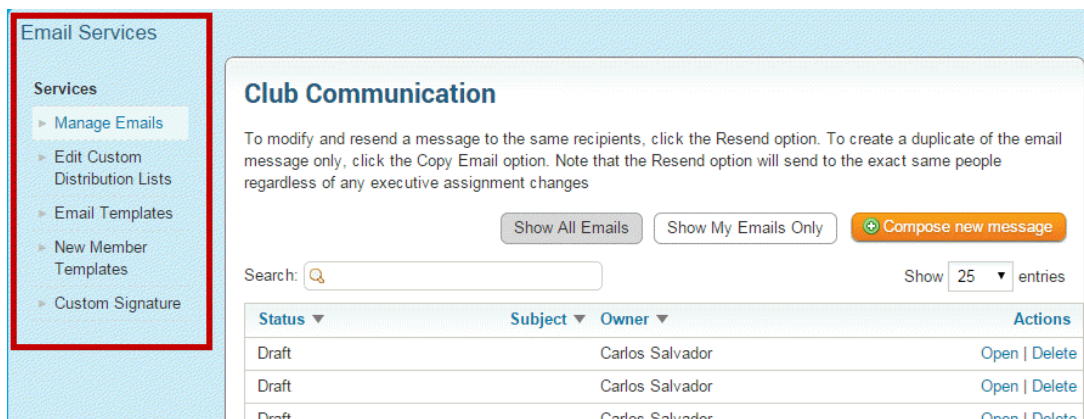

1. To access the **Custom Distribution List** feature, you must go to your club homepage and log in. Then, click on **Member Area** on the top right, under your club banner.
2. Along the top of the screen you will see several tabs. Click on the **Communication** tab.

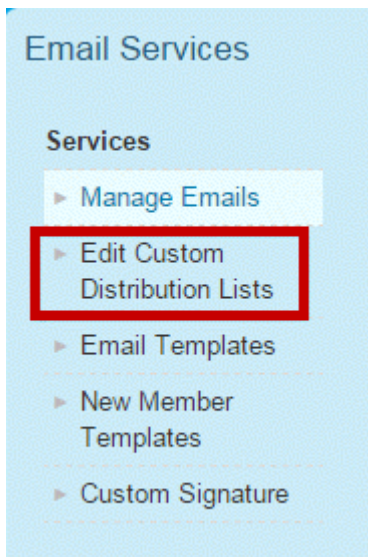

3. Now, click on **Email Services**.

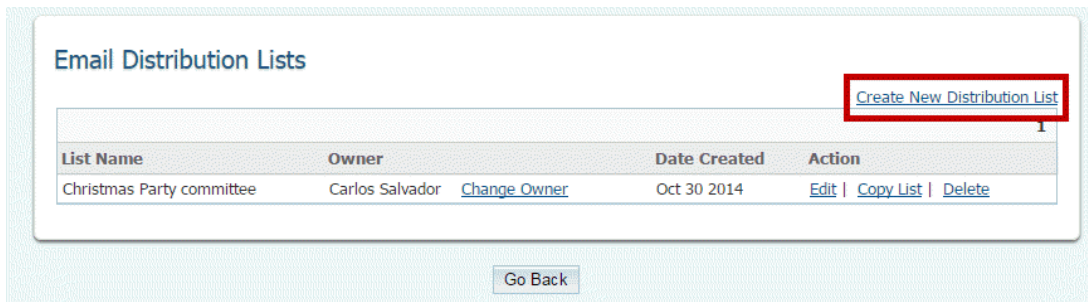

4. You are now on the **Club Communication** screen. At the left side of the screen, you will see the **Email Services** menu, which is highlighted below.

5. Next, click on **Edit Custom Distribution lists**.

6. Next you will see all of the existing custom Distribution lists (if any). Click on the **Create New Distribution List** link found in the top right corner.

7. Here, you can enter a **Name** for the new Distribution List.
