How do I create a District Committee?

Zach W. - 2021-03-23 - *Committees*

District Committees provide you with a way to organize the positive efforts of clubs at a higher level. You can set up and organize district level committees through your ClubRunner district homepage.

1. To set up a district committee, go to your district webpage and click on the **Login** link at the top right of the page. Then, enter your login details on the page that appears.

2. You are now logged in. To access the District Administration page, click on **Member Area** on the top right.

3. You are now on the District Administration page. Above the Administration heading you will see a number of tabs. To create a district committee, click on the **Organization** tab in the top blue menu bar.

4. Next, click on the **District Committees** link in the grey bar, just below.

5. You are now on the **District Committees** page, where you can create a new committee, edit, or delete existing committees.

6. To create a committee, click the **Add New Committee** link at the right side of the committees list.

Committees

7. This launches a pop-up window in which you may enter the details of your new committee. Enter a name for the committee in the **Name** text field.

8. Next, select a director for the committee from the **Director** drop down menu.

Note: If you create a Committee in a year that does not yet have a Director, it will not display on the District Organization chart until a Director is assigned to the Committee.
