

## How do I define Executive/Director positions for clubs?

Mickey D. - 2022-03-21 - Club Management

You may use your District website to view and define executives and directors positions held by Club members in your District. You may also create new Club positions as needed.

1. To create a new Club position for your District, go to your District webpage and click on the **Login** link at the top right of the page. Then enter your login details on the page that appears.
2. You are now logged in. To access the District Administration page, click on **Member Area** on the top right.
3. Click the **Organization** menu option just under the header.
4. Next, click on the **Define Club Position Types** link.
5. You are taken to the **Define Club Position Types** page, where all current position titles defined by your constituent Clubs are listed. To define a new position, click the **Add New Position** link at the top right above the position list.

### Define Club Position Types

The following represents the list of club positions defined by the District. Clubs are still free to create their own positions, but they need to map each of their positions to this list. This list is used to generate the email recipient groups and miscellaneous reports like the [District Directory](#).
