How do I delete or remove makeups?

Zach W. - 2022-09-27 - [Attendance](#)

You may have to delete or remove a makeup(s) due to a attendance error. There are two different ways to delete or remove a makeup. Please follow the instructions below for each way.

Note: *Deleting a makeup permanently removes the makeup from the system. The makeup is removed both from the meeting (if assigned), and from the members available makeups.*

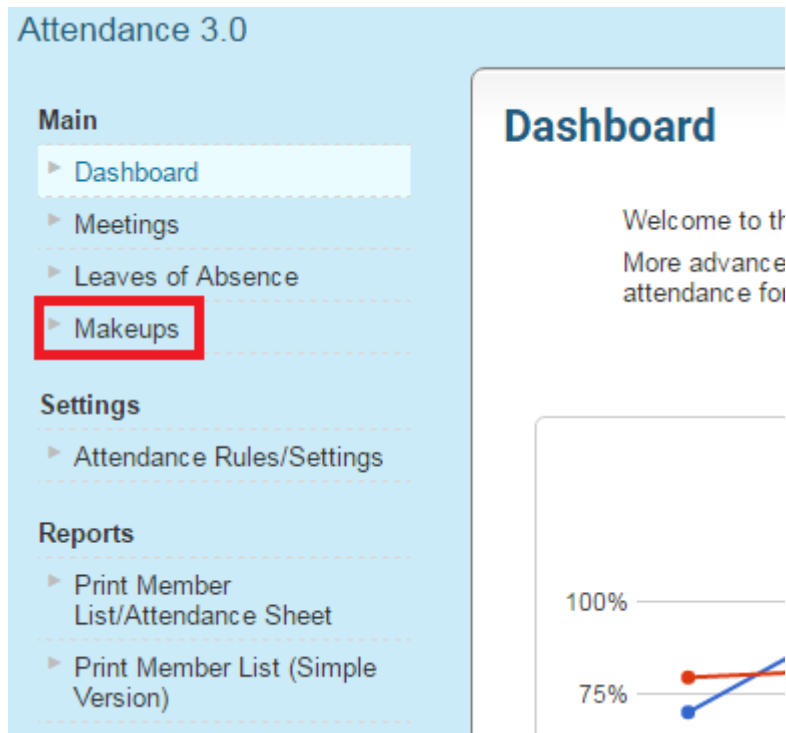

1. First you need to access the Member Area in ClubRunner. Please go to your Club's homepage and login. Then, click on **Member Area** on the top right.
2. Along the top of the screen you will see several tabs. Click on the **Membership** tab.

Through Meetings

1. Now, click on **Dashboard**.

2. Click on **Makeups**.

3. You are now on the Makeups page. Find the makeup that needs to be removed or deleted. On the right, below Actions click **Delete** on the same row as the one you want to delete.

Note: If you need to delete multiple makeups click on the checkboxes beside the member's name, then click **Delete Selected**.
