How do I disable the sponsorship guide link?

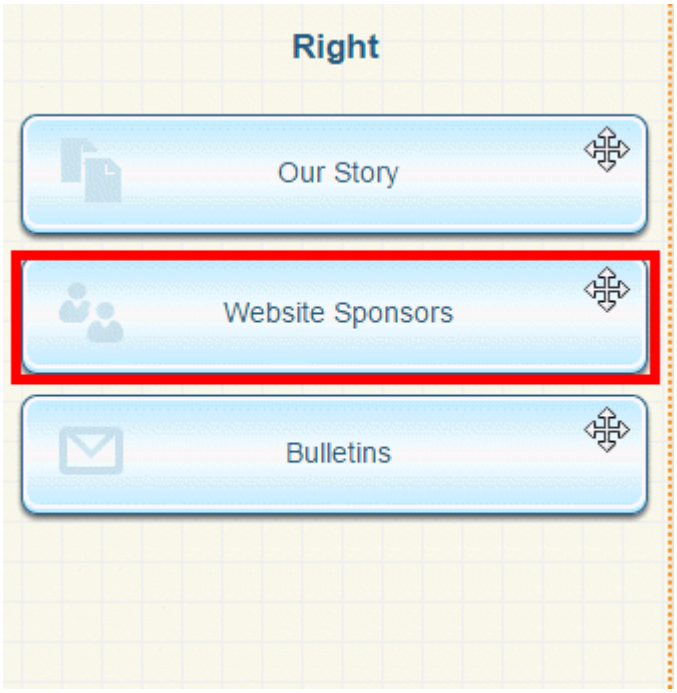

Omar S. - 2021-03-10 - Website Sponsors

The Sponsorship Guide is a document that explains your policies and rates for placing Web Sponsors on your site. By default, a link to this document appears whenever a sponsorship widget is in place on your website. However, it is possible to disable this display by following the steps below:

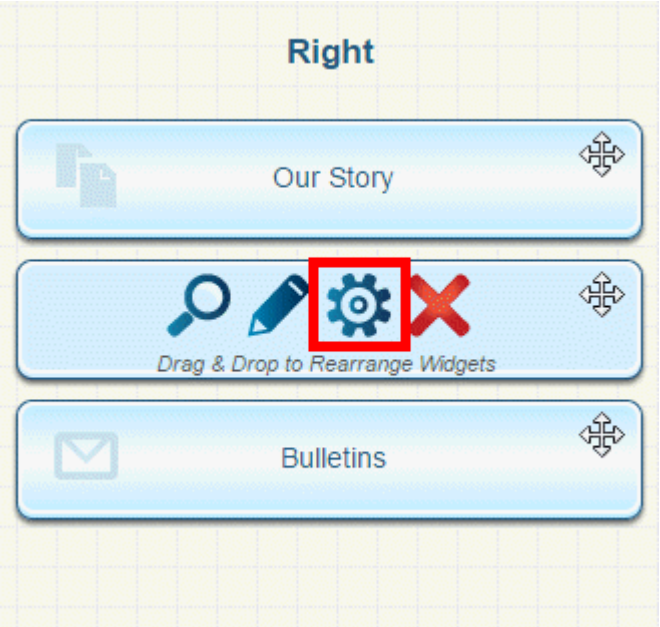

1. Login to your ClubRunner website. Click on the **Member Login** link found in the top right corner of the homepage.
2. Access your website editor by clicking on the **Website** and **Website Designer** tabs.
3. Once you have accessed the website designer, click on the **Edit Conten**t button in the Content Section.

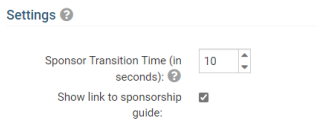

4. Now, find a sponsorship widget placed on your webpage.

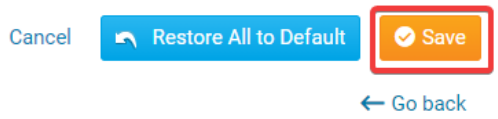

5. Hover your mouse over the widget until icons appear. Click on the **Gear** icon to access the widget properties.

6. Now, scroll down to the **Settings** section. If you do NOT wish to display a link to the sponsorship guide, uncheck the box in this field.

7. When you are finished, click Save.
