

How do I generate a monthly attendance report?

Zach W. - 2021-04-20 - Attendance

ClubRunner makes tracking membership and attendance easy, even at the district level. As part of this functionality a monthly report is available to the district that displays all club's member counts as of the end of last year and this month, along with the current month's attendance percentage.

1. To generate a monthly attendance report, you must first log in to your district website. Click **Member Login** at the top right and enter your details.
2. You are now logged in. To access the District Administration page, click on **Member Area** on the top right.
3. Next, click on the **Attendance** tab.
4. Now, click on the **Club Attendance** link on the left.
5. Select the **Monthly Report** link under the **Attendance** heading on the left side of the screen.
6. This brings you to the **District Membership & Attendance Report** page. To view attendance from a given month, simply choose it from the **Select Month** drop down menu. The view defaults to the current month.
