How do I print my bulletins?

Michael C. - 2023-11-24 - Bulletins

ClubRunner's Bulletin feature allows you to easily email your club bulletin and post it on your website. However, it is often desirable to have a hard copy of the bulletin. This can be distributed to members who don't have email, or to members of the public at club functions. You can access a printable copy of your club bulletin through the **Archived Bulletin** menu.
Note

1. To print the bulletin, access your browser's print function. On a Windows computer, this is usually done with the keyboard shortcut, CTRL and P, pressed at the same time, and CMD and P on Mac computers. You may also access a print function through the browser menu, typically in the top left or top right of your browser.
