How do I register a guest for an event?

Mickey D. - 2021-02-03 - [Events & Volunteers](#)

Keeping track of non-member guests can be time consuming and difficult. With **Events 2.0**, you can register your guests as well as yourself.

1. To access the **Events 2.0** feature, you must go to your club homepage and log in. Then, click on **Member Area** on the top right, under your club banner.

2. Along the top of the screen you will see several tabs. Click on the **Events** tab on the far right of the top toolbar.

3. At the left side of the screen, options will appear. Click on **Event Planner**.

4. You are now on the **Events** page. Select the event for which you wish to register and click on the name.

5. You are now on the **Event Services Page**, which outlines the details of the event and provides links to event tools. Just below the details is a shaded box labelled **Registration**. Click on **View Registration Form**.

6. The **View Registration Form** tool on the **Event Services Page** also allows users to invite non-member guests (such as spouses, children, speakers and friends) to the event. If there is a fee for the event, the cost for each additional guest is placed on your account. Under the heading **Guests**, click on **Register Additional Guests** to register a non-member.

7. You may now enter contact details for the guest in the text fields provided. The **First Name** and **Last Name** fields must be entered before you guest can be added.

8. When you are finished adding contact details for your guest, click **Save** to add them, or **Cancel** to discard the details you just entered.
