

## How do I register members from other clubs?

Omar S. - 2021-03-22 - Events & Calendar

As the chair of an event, you have the power to register club members from other clubs for an event your club is hosting. Club executives and members with administrator access can also do this. To register members from other clubs, you must access **Event Planner**. 1. To access **Event Planner**, you must go to your club homepage and log in. Then, click on **Member Area** on the top right.

2. Along the top of the screen you will see several tabs. Click on the **Events** tab on the top toolbar.

3. On the left side of the screen, options will appear. Click on **Event Planner**.

4. You are now on the **Event Planner** page. Select the event for which you wish to register other members and click on the name.

5. You are now on the **Event Services Page**, which outlines the details of the event and provides links to event tools. Just below the details is a shaded box labelled **Register**. This section gives you as event chair the ability to register or decline members of other club for

the event. Click **Register Members from other clubs**.

6. On this page, you can choose the club from which to register attendants. Click on the drop down menu on the left to select the relevant club.

7. Now, click the **Show Club Registrations** button to call up a list of members of the club you have selected.

8. You will now see a list of all members of the other club. Beside each name, under the column **Attending**, you will see a note about whether a given member is currently registered to attend. You'll also see how much money they owe for the event (if any) and list of their non-member guests. Choose the member you wish to register for the event, and click the **Register** button next to their name.
