

How do I request member profile updates?

Michael C. - 2021-12-24 - Membership Management

Club members are responsible for ensuring their own contact and profile information is up to date and accurate. You can request that specific members update their profiles using the **Request Member Update** feature.

1. To send out an update request, you must go to your club homepage and log in. Then, click on **Member Area** near the top right of the page.
2. Along the top of the screen you will see several tabs. Click on the **Membership** tab.
3. Next, click on **Request Member Updates**.
4. You are now on the **Request Member Updates** page.

Request Member Updates

This feature allows you to review how recently your members' profiles were updated, and by whom. You can send out an email to each member displaying their current profile details and request an update if required (a link to their profile is in the email). You can also customize the email message sent to your members. [Click here to modify the message.](#)
