How do I restore a deleted image?

Michael C. - 2021-01-28 - Website Content

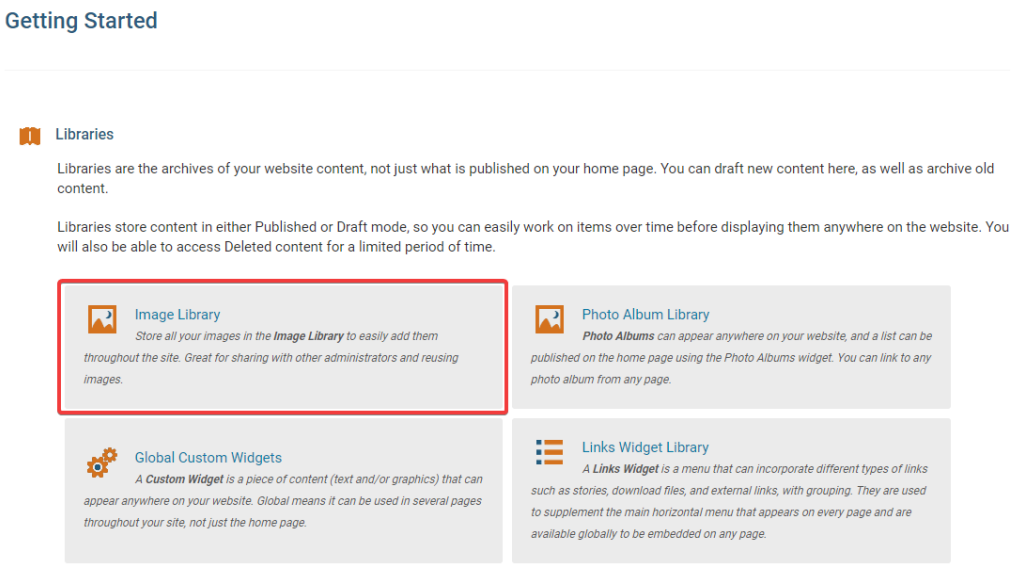

After an image has been deleted from the Image Library, it is still able to be recovered through the **Deleted Images Archive**. This archive will allow you to recover any images that may have deleted. To recover an image from the Deleted Images Archive, please follow these steps:

1. Click **Member Login** near the top right of the webpage and login. Then, click on **Member Area** on the top right.

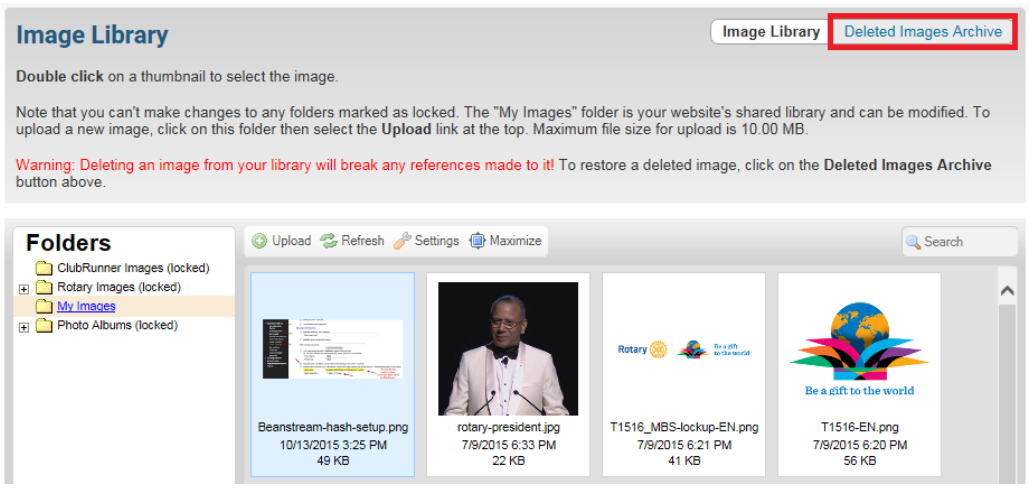

2. Along the top of the screen you will see several tabs. Click on **Website.**

3. On the left-hand side of the screen, click on **Libraries**

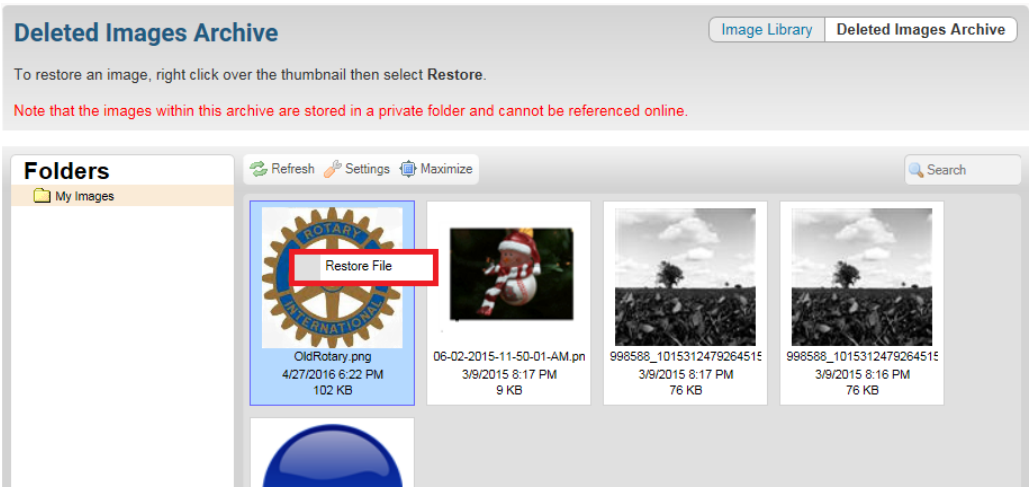

4. On the Getting Started page, click on **Image Library**

5. You are now in the **Image Library**. Select the **Deleted Images Archive** tab.

6. This will take you to the **Deleted Images Archive**. Right click on the image you wish to restoreand click **Restore**.

7. You will get a dialog box asking you if you are sure you want to restore the image. Click **OK** to restore it.

Once the image has been restored, you will be able to navigate back to the Image Library and find your now recovered image.
