ClubRunner

How do I setup online credit card payment options?

Michael C. - 2024-10-16 - Dues & Billing

You have the option of allowing your members to pay their bills online. **Please click here to learn more about the payment providers that integrate with ClubRunner**. Or, please **contact us** in order to receive further instructions or ask us any questions.

Once you have set up a merchant account for your club, the bills you will send out by email will contain a link to allow members to pay any amount online, or members can log in anytime and pay online through their billing account statement page.

All payments get deposited directly to your club's bank account, and unique confirmation IDs are tracked on your account history so there is no need to consolidate payments.
