How do I upload a profile photo for a member?

Michael C. - 2021-12-24 - Membership Management

If you are a club site administrator, you have the ability to add member photos on their behalf. This is useful when populating the club photo directory.

1. To add a member photo, you must go to your club homepage and log in. Click **Member Login** near the top right of the page.
2. Then, click on **Member Area** near the top right of the page.
3. Along the top of the screen you will see several tabs. Click on the **Membership** tab.
4. Next, click on **Members List**.
5. This will open the member list, displaying basic details of each member of the club.

9. You are now presented with a file upload window. Click **Choose File** to select a new image from your folders. **gif, jpg, & png are the only supported file types.*

Member: John Corpnel

To add or change the member photo, click on the Browse button, locate the picture file from your computer, then press Save.

To remove the photo, check the Remove Photo option below and press Save.

Image will be resized automatically.

Choose File No file chosen

☐ Remove Photo

Cancel **Save**

10. Once you have selected the file, the file name will appear. Click **Save** to keep this file, or **Cancel** to discard it.
