Online Payment & eCommerce Module - eWAY

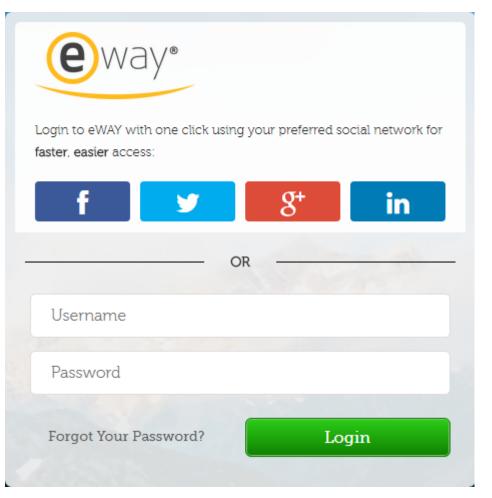

Omar S. - 2021-01-19 - Events & Calendar

The Online Payment and eCommerce module allows organizations to collect payments by credit cards. In Australia we are partnered with eWAY. eWAY is an established credit card processor. To learn more about Online Payment and eCommerce module and eWAY, please click on the following link:

https://site.clubrunner.ca/Page/online-payment-and-ecommerce-australia

If you have ordered eWAY and have activated it, please follow the instructions below to learn how to provide ClubRunner with information to get it working for your organization.

- 1. Please create an email to <u>Sales@ClubRunner.ca</u>.
- 2. Login to eWAY (<u>https://au.myeway.com/</u>)

3. Hover over top of "My Account", near the top.

Home	Reporting	Payments	My Account	Se	ttings	Help Desk	Resources
			eWAY Passwords	÷			
Welcome			User Security	÷			
			Client Side Encryption				
			API Key				

4. Click "API Key"on the drop down.

Home	Reporting	Payments	My Account	Settings	Help Desk	Resources
			eWAY Passwords	- F		
Welcome			User Security	- F		
			Client Side Encryption			
			API Key			

5. In the Rapid API Key area, please click Copy to Clipboard.

API Key
Rapid API Information
To connect your website platform or shopping cart to eWAY and start taking payments now, you will need the below credentials known as an "API Key" and "API Password". These are unique and secure credentials which ensures your customers card data is sent through to your eWAY Account.
Note: The password is only displayed once when generated and cannot be viewed again.
Rapid API Key:
This API Key, along with the user's password is needed to authenticate to Rapid 3.1 (https://eway.io/api-v3/)
API Key: Copy To Clipboard
Password: Copy To Clipboard Generate Password
Your Password has been masked for security, press Generate Password to create a new password or click 'Manage Users' below to set it on the user page: Manage Users

6. Then paste it in the email.

7. Please enter your password in the email. If you do not know what your password is, in the **Password** area, please click **Generate Password**. Please make note of it so you can use it in the future and then click **Copy To Clipboard**. Please paste it in an email.
