Placing widgets

Zach W. - 2021-03-23 - Website Widgets

With all widgets an icon representing four arrows will appear to the right side of the widget button. This icon is the tool used to move the widget to the desired location on the page layout.

1. Left click and hold on a widget that you would like to use on the site.

2. Now drag the widget to the desired location on the page layout.

Essentials Carousels Links Events Bulletin & PR Custom Widgets (Global) Custom Widgets (Page Specific)	Left		Main	
Meeting	Home Page Download Piece 8	T	information	
Information	🔍 🖗 Birthdays & Anniversaries		Club Information	à
Executives & Image: Directors	Site Pages		Home Page Stories 4	à
Home Page 🕸	Club Executives & Directors		Difference Bulletins a	*
Home Page News				

3. Now release the left click and watch the widget drop in and resize automatically.
