Website banner & Themes guide

Omar S. - 2021-10-07 - Website Designer

Please review these articles to edit the top banner section of your website.

- Add a Carousel to your website:

  Please read the article called Dynamic Carousel Widget to help setup the carousel on the website.

  Please read the article called Carousel Best Practices and Images for the photos and how to edit your own photos to make them fit properly in the carousel

  Please read the article called Photo Album to learn how to create an album to store your carousel images so they can be used on the home page.

- Add a Banner to your website:

  Please read the article called How Do I Add a Banner On a New Theme? to learn how to add a custom banner to a new Next Gen theme.

- How to add a logo to the top left of the site:

  Please read the article called How Do I Upload The Menu Home Icon to learn how to add a logo near the top left of your site.

We also have a guide that goes over our next-generation website themes.
