What are the widths of each Bulletin Template in ClubRunner?

Michael C. - 2021-03-30 - Bulletins

When you are inserting images using Custom Content in to Bulletin Designer it is important to follow width limitations to keep the columns from spilling over or expanding the entire bulletin. Please use the following to determine how wide images or tables should be in each column of your bulletin template:

200px | 400px

Top: 400px | 200px
Bottom: 600px

600px

400px | 200px

Top: 200px | 400px
Bottom: 600px
