ClubRunner

What is the difference between basic and enhanced committees?

Omar S. - 2023-11-16 - Committees

ClubRunner offers a Basic and Enhanced Version of Committees. The Enhanced version allows for further functionality once the Club's committees have been added. By using the enhanced version you can **save documents** and folders for download exclusively by committee members, **send secured emails** to committee members, and **create subcommittees** that each have their own set of functions.

To sign up for the enhanced version of the committees module, you can request this to be added to your account through our order form here:

Enhanced Committees order form

Below is a comparison listing of what each version of the Committees Module allows you to do:

View Enhanced Committees Pricing by entering the size of your membership on our Pricing page.
