What is the difference between the basic and enhanced volunteer module?

Michael C. - 2021-06-28 - Volunteers & Signups

We've already included the essential features into the Basic version (included) to help you with managing casual signups. Upgrade to the enhanced version to get the additional features and increased capacity needed for more active users.

To sign up for the enhanced version of the volunteers module, you can request this to be added to your account through our order form here:

Enhanced Volunteers order form

Note: To access the Volunteers Module members would need access level **30 - Site Administrator** to **60 - Editor**
