Why can't I email a given member?

Michael C. - 2021-01-20 - Communication

1. In certain situations, you may find you are unable to email a given member. You may find you cannot select their name in the recipient list when composing an email. There are two possible reasons for this.

The screenshot shows a window titled "Active and Honorary Members - Active. Please sel...". At the top, there is a "Select All" checkbox and a status indicator "0 out of 13 recipients selected". Below this is a "Filter recipients:" search box. A list of members is displayed under the heading "Member Name" with a dropdown arrow. The list includes: Applegate, John; Baker, Sue; Brackett, Leigh; Chu, Edward; D, Mickey; Dean, John; Draper, Judith; Hampton, Charles (highlighted with a red box); Jane, Mary; Kornbluth, Cyril; Kuang, Ni; Stapledon, Olaf; and Trout, Kilgore. At the bottom right of the window is an orange "Done" button.

2. if you hover your cursor over the check box next to the member, a short message appears suggesting the reason for your inability to email the member. In this example, the member has either not defined their email address, or has provided an invalid email address.
