Widget: Site Pages

Zach W. - 2021-03-16 - Website Widgets

The screenshot shows a website widget with three main sections:

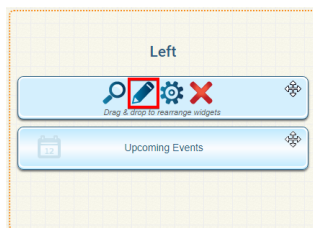

- Site Pages:** A red box highlights a list of links: "Our Committees" and "About Our Club".
- Upcoming Events:** A box titled "Website Webinar" with the date "Jan 08, 2021" and time "5:00 PM - 6:00 PM".
- Club Calendar:** A calendar for January 2021. The 7th is highlighted in grey.

Below the calendar, there is contact information for a Rotary club:

Rotary
Propelling People Forward
Sundays at 12:00 PM
ClubRunner
2060 Winston Park Dr
Suite 102
Oakville, ON L6H 5R7
Canada
Phone: (123) 456-7890 ext. 000
Email: purple.metro@example.com

Our club holds meetings on the first three Sundays every month at noon. We

You can use **Site Pages Widget Edit Content** to define the content that will be displayed within the widget. Here you can select which **Site Pages** to display as well as define the order to display them.

The **Add Site Page from Library** button will take you to a list of your created Site Pages where you can select which ones to display in the widget. Below are the steps to add the Site Pages:

1. Click **Add Site Page from Library**.

The screenshot shows the "Site Pages for Home Page" configuration screen. It includes a filter for "Home Page Widget" and a list of site pages:

Name	Permalink	Requires Login	Actions
<input type="checkbox"/> Our Committees	our-committees		
<input type="checkbox"/> About Our Club	about-our-club		

Buttons for "Check All" and "Remove Selected" are at the bottom.

2. You should now see a list of all your created Site Pages. Simply select the checkbox on the left of the SitePage title to include the Site to be displayed in the widget.

Add Pages to Home Page

Filter records:

Add Selected Site Pages

Select from the list of pages below then click on "Add Selected Site Pages"

Title	Permalink
<input checked="" type="checkbox"/> Our Committees	our-committees
<input type="checkbox"/> About Our Club	about-our-club

3. Once all the Site Pages have been selected scroll to the top and click **Add Selected Site Pages**.

Add Pages to Home Page

Filter records:

Add Selected Site Pages

Select from the list of pages below then click on "Add Selected Site Pages"

Title	Permalink
<input checked="" type="checkbox"/> Our Committees	our-committees
<input type="checkbox"/> About Our Club	about-our-club

4. The selected Site Pages should now be in the list of Site Pages for the Home Page.

Site Pages successfully added to home page widget.

How to Remove a Site Page from the Widget

If you need to remove Site Page(s) from the Site Page widget follow the steps below:

1. Select the checkbox on the left of the Site Page title for all the Site Pages that you would like to remove from the widget.

Site Pages for Home Page

View site pages in: [Entire Library](#) [Home Page Widget](#) [Bulletins](#)

Drag and drop your pages to change their sequence.

[Preview](#) [Add Site Page from Library](#) [Create New Site Page](#)

Name	Permalink	Requires Login	Actions
<input checked="" type="checkbox"/> Our Committees	our-committees		

[Uncheck All](#) [Remove Selected](#)

2. Scroll to the bottom of the page and click **Remove Selected**.

Site Pages for Home Page

View site pages in: [Entire Library](#) [Home Page Widget](#) [Bulletins](#)

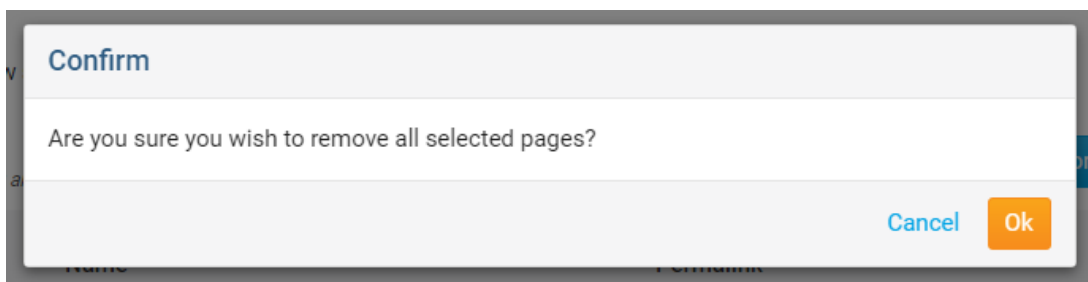

Drag and drop your pages to change their sequence.

[Preview](#) [Add Site Page from Library](#) [Create New Site Page](#)

Name	Permalink	Requires Login	Actions
<input checked="" type="checkbox"/> Our Committees	our-committees		

[Uncheck All](#) [Remove Selected](#)

3. You will see a message box popup verifying that you want to remove all selected pages. Click **OK** to remove the pages.

Actions Column Overview

Each site page that is listed to appear on the widget has a list of options found under the Actions column:

1. **View:** Click on this to view the site page.
2. **Edit:** Click on this to edit the content of the site page.
3. **Properties:** This will take you to the Site Page's Settings where you can rename the site page, define the access level, and define the owner.
4. **Remove:** This will remove the Site Page from the Site Pages widget, though not from the Site Pages Library.
