

ClubRunner Intermittent Service Disruption

2024-05-07 - Mickey D. - Service Issues

On May 7th, 2024 our team started to observe sporadic performance degradation with parts of the platform. Customers may experience intermittent slowdowns while attempting to visit ClubRunner websites, and/or navigating inside the Members Area.

We are working to identify the root cause of the issue and will continue to closely monitor our platform.

We apologize for the inconvenience and appreciate your patience while we work to resolve this matter. We will continue to post updates as more information becomes available.
