ClubRunner Mobile App Updates: District Member Search + Club Notifications

2023-11-02 - Mickey D. - Product Updates

ClubRunner is proud to announce that District Member search is now also available within the mobile app. You can now effortlessly search for other club members within your district by name or email address within the app. Connecting with your members just became even easier. This search feature works alongside the existing privacy controls available to all members within their profiles.

District Member Search
