ClubRunner

# ClubRunner Nova 2024 - Announcement and Webinar Recording

2024-02-22 - Mickey D. - Announcements

We're excited to announce ClubRunner Nova, a brand new version built on modern architecture - rolling out to clubs and districts in late 2024.

Our mission is to help clubs and districts thrive with software that empowers members to achieve their goals. We've listened to your valuable feedback and incorporated current best practices and a better user experience. This new version embodies our vision for modern software that is powerful yet easy to use, and serves as a solid foundation for the future.

Sign up for our Champions and Beta Group community to participate in discussions, gain early access and provide valuable feedback:
https://site.clubrunner.ca/Form/clubrunner-champion

More details will be emailed to the Champion and Beta group in the coming weeks.

The Q&A from our ClubRunner Nova session is now available. You can review these by visiting:
