## Mobile App 4.4 - Release Notes

2026-05-08 - Zach W. - [Product Updates](#)

On May 6th 2026 we released an update with version 4.4.0, which includes a number of improvements and bug fixes to enhance your experience:

### New

- Prospects Management: Add prospects in the Membership Success module from the mobile app.
- Member Profile: View and edit additional profile fields, and copy member details.
- Documents: You can now download documents to your device.
- Leadership Visibility: Committee chairs are now shown on Club Executives and District Executives screens.

### Improvements

- Better support for non-English accounts across the app.
- Large Font UI improvements on multiple screens.
- Login accessibility improvements.
- Left menu usability updates: Improved collapsing behavior to reduce scrolling and clearer navigation.
- Magic link screen improvements.
- A-Z member index usability improvements.
- Chat: Offline mode can display messages and improved "someone is typing" indicators.
- Birthdays & Anniversaries screen now show spouse/partner name.

### Bug Fixes & Reliability

- Fixed event search issues.
- Fixed cases where group chat content didn't always display.
- AGs who have opted out will no longer appear in search results.

- Birthdays & Anniversaries now show months instead of "0 year."
- Fixed issue when creating a group without members to display accurate messaging.
- Address validation: State/Province is required only for applicable countries.
- General stability and performance improvements.
