

Modern Dashboards available for all Customers.

2021-12-03 - Zach W. - Product Updates

We're pleased to announce the release of our modernized ClubRunner Dashboards for Zones, Districts, and all clubs subscribers.

A fresh new approach to your administrative landing page based on your access role, navigating the Admin pages has become easier. You will now be able to view the features relevant to your permissions. With each section divided into a core function, each panel has 'quick action buttons' to take you directly into getting started with a feature. Need to send an email or create a Volunteer sign up list, you can just click and start!

Your members also will no longer see a list of greyed out links as before. Instead, now they will have quick links to all the pages available to them when logged in.

We've also highlighted all the support resources available to you such as on-demand tutorials, webinars, our knowledgebase and community and have added direct help links next to all the main modules to direct you to relevant help articles. As we release new features and have exciting announcements, you'll get the news right upon logging in under the What's New panel.

District Administration

The screenshot displays the ClubRunner Administrator dashboard for a user named Kevin Turner. The top header is blue with the Rotary logo and a welcome message. Below the header, the dashboard is organized into several sections. On the left, a 'My Membership' sidebar lists user-specific actions like 'My Commitments' and 'My Email History'. The main content area is divided into three columns. The first column, 'Need Help?', contains links to 'Register for a Webinar', 'Access Knowledgebase', 'Join the Community', and 'Contact Support'. The second column, 'Register for a Webinar', features an illustration of a person with a headset and a guided tour message. The third column, 'What's New', highlights 'Training Recordings Now Available' with a play button icon and a 'View Recorded Webinar' link. Below these sections, a 'DISTRICT, CLUB, & MEMBERSHIP MANAGEMENT' bar separates the top navigation from the main management area. This area is split into two primary panels: 'District Management' and 'Club & Membership Management'. 'District Management' includes a 'District Organization Chart' and links to 'District Committees', 'Member Access Rights', 'Define Club Position Types', 'Manage Club Types', and 'Manage Designations'. 'Club & Membership Management' includes a 'Clubs & Membership' link and links to 'Admin Member Search', 'Member Designations', 'Clubs & Membership', 'Define Club Executives', and 'Club Attendance'.
