

[Resolved] Facebook plugin issue

2021-04-30 - Mickey D. - Service Issues

[Apr 30 2021 4:30pm]

To our valued customers, there is an outage on Facebook's end which is hindering their ability to serve Facebook plugin content onto our ClubRunner websites. Please see:

<https://developers.facebook.com/status/issues/492652922187445/>

At this time if your ClubRunner website is using the Facebook Page plugin, it is currently not displaying correctly.

You can view Facebook's Platform status here:

<https://developers.facebook.com/status/dashboard/>

Our team is monitoring the status, and we hope Facebook will address this issue soon. We will provide another update to our customers as we receive more information.

[Apr 30 2021 6:30pm]

This issue has been resolved. If you continue to experience any issues [please contact our team](#).
